OMMUNITY FACILITIES

HUGHENDEN PARKS AND FACILITIES

Apex Driver Reviver Park

Driver Reviver is a community-based road safety initiative of the Department of Transport and Main Roads and the Queensland Police Service and is operated by volunteers. Hughenden Driver Reviver is available at the park situated at the western entrance to Hughenden from Richmond. The Driver Reviver Park facilities include public toilets, showers and a shaded picnic area.

Brodie Street Playground

Take the children to enjoy the playground, featuring shaded play equipment and a bike path including safety signs, roundabouts and pedestrian crossings providing education on road safety in a "hands on experience". Located across from the Post Office in Brodie Street, the park also boasts picnic tables, free BBQs, secure fencing and public toilets.

Bully Playford Park

Located on the eastern entrance to Hughenden from Townsville adjacent to Flintstones Service Station, the Bully Playford Park offers picnic tables, public toilets and a shaded area.

Discovery Park

Located between the Flinders Discovery Centre and Flinders Shire Public Library this beautiful park connects through to the central business district via a paved walkway. The park features lovely gardens, a grassed area, water fountain and seating areas.

Eco Walk on Flinders

Enjoy a walk along the diverse bioregions of the Flinders Shire at the Eco Walk on Flinders. For this walk eco-systems have been replicated along the northern banks of the Flinders River with over 1.5 km of walking tracks. Flora species from each different eco-system are also represented throughout. Along the pathway are local art pieces illustrating important historical events and various cultures of the Flinders Shire. Facilities include: picnic shelters, tables, viewing platforms and drinking fountains.

Robert Gray Memorial Park

Robert Gray Memorial Park is dedicated to local characters and pioneers of the district. Plaques have been placed on the boulders scattered along the footpath winding through the Park. Facilities include free BBQs, shaded picnic areas, outdoor fitness equipment, public toilets and a rotunda available to hire through Council for weddings and functions.

Skate Park

Conveniently located next to the Hughenden Memorial Swimming Pool, the Skate Park provides a recreational area for not only local youth but those travelling through town as well. This park features two skate areas, half court basketball court, BMX track and a playback wall. With a large shade over the main skate area this space is a great way to spend a couple of hours with the kids.

PRAIRIE PARKS AND FACILITIES

Prairie Park

Prairie Park houses a 35 foot Comet windmill and is located in the centre of town along the Flinders Highway. The park also features the old Prairie jail building recently refurbished into a public toilet. Enjoy the lovely shaded area with picnic shelter as well.

CEMETERIES

Cemeteries within the Flinders Shire are located at:

- Prairie
- Torrens Creek
- Hughenden
- Hughenden Lawn

The cemeteries have significant historical value to the local communities with graves dating back to 1891. The Undertaker for the Flinders Shire can be contacted during business hours via the Flinders Shire Council offices on 07 4741 2900 or on 0427 411 821

INDUSTRIAL ESTATE

The Hughenden Industrial Estate is situated 2km West from the centre of the Hughenden township. The overall industry zoned land making up the Industrial Estate currently has a total area of 35.9 hectares. All blocks in the existing estate are serviced by water, sewer and electricity reticulation. The Estate is being progressively developed and to date all lots have been sold to the private sector. which has seen a variety of enterprises established such as:

- Transport Services
- Building and Concrete Supplies
- Plumbing and Gas Fitting
- Renewable Energy Facility
- Irrigation Pump Supplies and Repairs
- Bitumen Supplies

Council is currently planning for a stage 2 extension of the existing Estate development by undertaking a reconfiguration of remaining land in the "medium impact industry zone" under the Flinders Shire Council Planning Scheme 2017.

GRANTS AND SUBSIDIES

Regional Arts Development Fund (RĀDF)

The RADF Program is supported by Flinders Shire Council and supports the professional development and employment of arts and cultural workers in regional Queensland. RADF is a partnership between the State Government, Arts QLD and your local Council. For information on funding rounds and quidelines, including who is eligible to apply, please visit the Arts Queensland Website or contact the Flinders Shire Council on 0437 227 486 or email cdo@flinders.gld.gov.au

Community Small Grants

The objectives of the Flinders Shire Council's CommunitySmall Grants Program is to provide assistance to local community groups/ organisations to encourage and assist them to initiate and provide greater use of their facilities. The Program has been established by Council to assist non-profit incorporated community groups/ organisations in the development and upgrading of existing facilities. Rounds of funding close on the 30th June and the 30th October annually. Special out of round funding must be requested by letter to the Flinders Shire Council to be presented at a meeting. For more information please contact the Flinders Shire Community Development Officer on 0437 227 486 or email cdo@flinders.gld.gov.au

Donations and Sponsorship

Council receives a range of requests for financial support and assistance from community organisations and individuals to assist with the development of events, sports, arts, heritage, recreation or other community activities within the Shire. The objectives of the Flinders Shire Council's Community Donations and Sponsorship Program, is designed to build relationships with community organisations to provide benefits to the Flinders Shire residents and visitors by ensuring Flinders Shire is a vibrant active community.

PET REGISTRATION

New registration and micro chipping regulations came in to effect on December 10, 2010, Dogs need to be registered with Council. Registration forms are available from Council Office. When you need to Microchip: There are three cases when micro chipping your dog is mandatory:

- If your dog is under 12 weeks of age as of December 10, 2010 (minimum age for chipping is 8 weeks)
- If a dog is being sold or given away
- If your dog is a declared regulated dog

If you are unsure if your cat or dog is micro chipped you can contact your local vet or the Council.

Animal Control

Dog attacks and wandering dogs are to be reported to Council's Animal Control Officer on 4741 2900 Animal welfare issues are to be reported to the RSPCA on 1300 264 625.

RUBBISH COLLECTION

Rubbish collection in the township of Hughenden involves pick up of wheelie bins and requires your wheelie bin out before 6.00am on your applicable morning. The rubbish collection for business houses, the Hospital, schools and parks occurs on Monday, Wednesday and Friday.

Monday

Abbott St, Allen Terry Caravan Park/Swimming Pool. Beaconsfield St. Byers St. Council Depot. SERVICES

COUNCIL

WATER

Conservation of water is important to ensure that the quality of lifestyle that we enjoy will remain available. By accessing and using water wise information from the Council's website you can save water, reduce your water bills, and provide future generations with good water conservation practices and a sustainable water supply for the

The average single dwelling has an annual allowance of 1.200 kL. If you are unsure of the allowance that pertains to your assessment please do not hesitate to contact 4741 2900 for confirmation

Watering Davs

Council asks all residents to help conserve water by observing the following watering routine. Watering days for sprinklers have been allocated on the basis of "Odd" and "Even" street numbers as follows:

- Evens Monday, Thursday and Saturday
- Odds Tuesday, Friday and Sunday
- No sprinklers should be used on Wednesdays
- Hand held hoses can be used on any days

This initiative is important to enable sufficient fire fighting capacity in Hughenden. Council appreciates your continued co-operation in maintaining this water management program to ensure the level of water at peak demand remains sustainable

EMERGENCYRESOURCES

It is important for you to know what to do if you had to face a disaster or emergency at home or at work. If you know what needs to be done, it makes it easier to stay calm if a situation should occur. Flinders Shire Council wants to make sure you are well prepared to respond and recover from disasters. Follow these few helpful tips and refer to our comprehensive online Local Disaster Information http://www.flinders.gld.gov.au/local-disaster-information for fact sheets, guidelines and information that is useful before, during and after a disaster event.

Prepare your Household Emergency Plan

- Research hazards and disaster management arrangements in your community
- Discuss possible scenarios and responses with your household
- Record details on your Emergency Plan
- Ensure everyone is prepared

If you are going away:

- Empty, clean and unplug refrigerators and freezers and leave their doors open
- Switch off and unplug all non essential electrical equipment

Prepare an Emergency Kit and an Evacuation Kit

Recommended items include:

- Food and water for at least three days (urban), and two weeks (rural)
- Light (battery or wind up torch)
- Battery powered or wind up radio
- Multiple changes of clothes for everyone, stored in watertight plastic bags
- Tools and supplies including fuel
- Spare house and car keys
- Pillows, sleeping bags and blankets
- Valuables, photos (prints, compact discs, USB, data cards) and mementos in waterproof plastic bags
- Essential medications and repeat prescriptions
- · Extra toiletry and sanitary supplies
- Books and games for children
- Extra baby food, formula and nappies (if required)
- Pet Supplies including food, water, medications, registration and microchip details
- Extra money as ATMs may not be working
- Fully charged mobile phone, spare battery and charger
- Important documents such as insurance papers for house, contents and car
- Inventory of household goods
- Wills, life insurance, house deeds, banking documents, passports, birth certificates, and Medicare cards

Prepare your home

- Check the condition of your roof, repair loose tiles, eaves and roof screws
- Keep gutters and downpipes clear so water can drain away quickly
- Trim trees and overhanging branches close to the house to prevent damage to your roof due to trees falling
- Check and fix any corrosion, rotten timber, termite infestations and loose fittings
- Keep loose items around your property and garden secure to minimise damage in storms.

Other Considerations

- Tune in your battery powered radio to your local ABC radio station or your local commercial radio station to listen for weather and warning updates
- Turn your television on to your local station to watch and listen for warning updates
- Log on to the Bureau of Meteorology <u>www.bom.gov.au</u> for weather warnings
- Log on to the Qld Disaster Management Services <u>www.disaster.qld.gov.au</u> for information on disaster events
- Log onto Council's Website for current local information <u>www.flinders.qld.gov.au</u>
- · Act quickly on the advice provided

LOCAL DISASTER INFORMATION

www.flinders.qld.gov.au/local-disaster-information

The Flinders Shire Local Disaster Information is a comprehensive one stop online service featuring important information you need to make sure you are well prepared to respond and recover from disasters. Much of the content has been developed by other government agencies and organisations involved in disaster management and is the most commonly used information across the State.

Included in the Local Disaster Information is:

Information about disasters including:

- Types of disasters
- Managing a disaster
- Phases of management
- Resilient Australia

Information regarding preparing for a disaster including:

- Preparing your home
- Preparing your business
- Disaster resilience

Information for during a disaster including:

- **Emergency contacts**
- Disaster alerts

Information for after a disaster including:

- Assistance
- Reconstruction

Resources including:

- Guidelines, technical guides and disaster operations
- Fact Sheets actions guides and checklists
- State, District and Local Flood Mapping
- State, District and Local Disaster Management Plans
- Reports and Case Studies

Useful web links including:

- Disaster and emergency services
- Weather conditions
- Transport and road conditions
- Community disaster support
- Building and construction

Details: This huge display area houses an amazing exhibition of dinosaur fossils from around the world, an extensive and growing display of fossils from the local area, a 7m life size skeletal replica of a Muttaburrasaurus, a bio regions display with concise information about the four different bioregions in the Flinders Shire, incl. the land types, flora and fauna, a hands on area for kids complete with puzzles, books and dinosaur activities; even a small display from the local Historical Society, including memorabilia from the first Hughenden Races, glassware, shearing gear and a range of photos. At the front of the centre is the accredited information centre. which holds an excellent array of information on local, regional and interstate holiday destinations. A large range of souvenirs are also available.

OPEN 7 DAYS, CLOSED SOME PUBLIC HOLIDAYS

Monday to Friday 9.00am - 5.00pm

Saturday & Sunday (Apr to Oct) 9.00am - 5.00pm

Saturday & Sunday (Nov to Mar) 9.00am - 1.00pm

POINTS OF INTEREST

"Mutt" fibreglass replica of a Muttaburrasaurus dinosaur - Hughenden

The Muttaburrasaurus was first discovered in 1963 in the channel country of the Thompson River about 5 km south-east of the town of Muttaburra. It roamed the Australian landscape about 100 million years ago during the Cretaceous period. It was a herbivore, eating such plants as ferns, cycads or conifers but many have also eaten some meat. It grew up to 7m long, was 2.2 m tall at the hips and weighed up to 1-4 tonnes. Muttaburrasaurus could most likely walk on two or four legs and lived in herds that were a way of defending itself.

Federation Rotunda - Hughenden

The Federation Rotunda dominates the streetscape of Brodie Street. This Rotunda is made from two 20' windmills brought into Hughenden from a property south of Prairie. You can relax under the curved roof while sitting on original bush furniture. All artwork had been created by local artists.

POINTS OF INTEREST

Historic Coolabah Tree & Surveyor's Peg - Hughenden

The Historical Coolabah Tree is situated past the causeway on the right as you head to the Hughenden Showgrounds. It is of immense historical importance as it is linked to two relief expeditions searching for the Burke and Wills Expedition. It is believed that both expeditions blazed the tree on the banks of what is now Station Creek. These relief expeditions led people to become aware of the fertility and wealth of the plains adjacent to the Flinders River. Truly this tree should be preserved as a memorial to the brave explorers of this land.

Mount Walker - Hughenden

Mount Walker is approximately 8 km south of Hughenden and boasts six spectacular lookouts scanning the district over 360 degrees and stands 478m above sea level. Named by William Landsborough in 1862 after fellow explorer Frederick Walker, today Mount Walker has become a popular place at sunset and is a photographer's delight. This road has a 16% incline and is not recommended for large motorhomes, buses or vehicles towing.

Kooroorinya Falls Nature Reserve

As part of the Desert Uplands, Kooroorinya Falls is a welcome reprieve in the harsh red landscape – an ideal place to relax and listen to the sounds of Mother Nature. This otherwise tranquil billabong becomes a cascade of flowing falls in the wetter months attracting all kinds of wildlife and birds. Make sure you have your camera at hand as the diversity of flora and fauna offer many unique photo and bird watching opportunities.

Fishing, bushwalking and swimming at the falls are also popular pastimes and it's highly likely you'll have the whole place to yourself. With sandy shaded banks on one side and high rock walls on the other, the setting couldn't be more ideal for refreshing yourself after a long dusty drive. For a bit of local culture, guaranteed warm welcome and a chance to meet some local characters, the Kooroorinya Races are a fun-filled family occasion. This long time annual event has fashions of the field, dancing and country cooking among the highlights.

Kooroorinya Falls is located 54 km south of Prairie just off Muttaburra Road. Basic camping facilities are available and campers can self-register on arrival. This road is sealed however it is recommended travellers check road conditions before travelling as rain can rapidly change the conditions of the roads. Although preparation is important, it's well worth the effort as Queensland offers some of the best opportunities to get off the beaten track.

Sculptures - Hughenden

Hughenden is home to many impressive sculptural pieces adorning buildings and garden areas throughout the town. The first sculpture 'Darby the Dinosaur' is a scrap metal sculpture on the wall of our local Library. Darby was made and designed by Sam Brown and Terry Lindsay and represents the Muttaburrasaurus Dinosaur. The Windmill Rotunda in Brodie Street is one of five sculptures erected to celebrate the Centenary of Federation in 2002. This magnificent sculpture features two 20' blade windmills making a very impressive Rotunda to walk through and rest under. In the Rotunda are samples of bush furniture from another local artist, Toby Rogers. Other sculptures include a large Ammonite made from windmills, fish along the Flinders River, surveyor's peg at the historic Coolabah Tree, small windmill and tank panel as well as a panel representing the prehistoric Cooyoo fish. Perched on the roof of the Flinders Discovery Centre and adjoining park are representations of the flying Pterosaur.

Porcupine Gorge National Park

The southern boundary of Porcupine Gorge is approximately 45km north of Hughenden. The Gorge Lookout is 63km north of Hughenden and the Pyramid Lookout, camping ground and Gorge Walk are another 11km further north. The Kennedy Developmental Road from Hughenden to Lyndhurst runs parallel to the western edge of the Gorge and when dry, is accessible to all vehicle types with care. However, travellers should expect to encounter bulldust, corrugations, exposed rocks, creek crossings, other vehicles, native wildlife, cattle and road trains. After storms, the road may be temporarily closed or inaccessible to conventional vehicles and caravans.

Please check road conditions at the Flinders Discovery Centre before travelling to Porcupine Gorge. For camping bookings go to www.qld.gov.au
