Operational Plan 2021-2022

TRIM Ref: SF21/194 R21/2356

Page 2 of 14

LEGISLATION

Under section 104(5) of the Local Government Act 2009, Council must adopt an Operational Plan each financial year. This plan sets out the work Council plans to do to contribute to the Corporate Plan 2019-2024. Council may amend the Operational Plan at any time by resolution. Council must discharge responsibilities in a way consistent with its Annual Operational Plan. Council must monitor progress against its Operational Plan and present updates to Council at least quarterly.

The Local Government Regulation 2012 (section 175) states that the Operational Plan must:

- Be consistent with its Annual Budget
- State how the local government progress the implementation of the Corporate Plan
- Manage Operational Risks

OPERATIONAL PLANNING

Council's Corporate Plan 2019-2024 is a five year plan which outlines how Council will progress.

The Operational Plan 2021-2022 is an important part of Council's strategic planning. The activities and projects in the Operational Plan 2021-22 are funded from the annual budget. This plan is based around the outcomes and strategies in the Flinders Shire Council Corporate Plan and has been developed alongside the development of the 2021-2022 budget. This plan includes capital projects which are also monitored through the capital expenditure program.

This plan highlights what Council plan to deliver in the 2021-2022 financial year, towards achievement of the long term objectives and outcomes stated in the Corporate Plan. The Operational Plan is not intended to include every activity Council undertakes, in that many of the standard operations or initiatives of Council support the delivery of the Corporate Plan. The intention of the Operational Plan is to highlight the key projects planned for 2021-2022 which will specifically progress the implementation of the Corporate Plan 2019-2024.

MANAGING RISK

Council has a comprehensive Enterprise Risk Management Framework which sets out how Council manages its risks. Council maintains risk registers for strategic, operational and activity level risks and these are reviewed and updated quarterly before being approved by Council. In developing the Operational Plan, managers were asked to consider operational risks and what actions were needed to address these risks. Accordingly, the projects in the 2021-2022 Operational Plan address a broad number of Council's Operational Risks.

COUNCIL'S COMMERCIAL BUSINESS UNITS

The Local Government Regulation 2012 requires Council to include an annual performance plan for each commercial business unit. Council does not operate any commercial business units.

MONITORING IMPLEMENTATION OF THIS PLAN

Under section 104(7) Council must carry out a review of the implementation of the Operational Plan annually. The Operational Plan will be monitored and quarterly reports on the progress against this plan will be presented to Council. These reports will provide an update on progress with the implementation of the projects within the plan.

The Flinders Shire Operational Plan for 2021-2022 is an important element in the overall strategic planning framework. This plan links relevant operational activities scheduled for the 2021-2022 period straight to the actions outlined in the 5 year Corporate Plan. These are all aimed at helping Council achieve the vision for the future of the Flinders Shire.

The Operational Plan 2021-2022 shows a range of strategies, outcomes, activities and targets grouped within five guiding principles. These guiding principles from the Corporate Plan, as listed below are reflected across into the structure of the Operational Plan.

PROJECTS AND PERFORMANCE INDICATORS

This section outlines the key projects and key performance indicators that Council has identified for the 2021-2022 financial year. These are in response to the following priority focus areas as outlined in the 2019-2024 Corporate Plan:

- **Our Environment** – We will provide stewardship to maintain, protect and enhance our natural environment whilst supporting new and existing industries.
- **Our Resources** – We will encourage sustainable resource utilisation by providing support to businesses and their associated industries.
- **Our Community** – We will work with our community to provide an appealing lifestyle with the available resources to build a healthy, happy and caring community.
- **Our Economy** – We will approach all business aspects of the Shire in a manner that promotes growth and sustainability to achieve the best possible outcome.
- **Our Infrastructure** – We will aim to continuously improve products, services and processes through sustainable management of Council's core assets.
- **Our Governance** – We will work as a team and act with pride, accountability, transparency and integrity to deliver services to our residents.

DELIVERING THE PRIORITIES

The Flinders Shire Council's Operational Plan is a key plan for the Shire. It translates our priorities and services, set out in our five year Corporate Plan, into measurable actions for the financial year. Progress is reported to the council and the community quarterly and is available on our website.

Reporting over the four quarters of the financial year provides us with the opportunity to respond more effectively to significant changes in our operating environment: Social, Economic, Environmental, Workplace Health and Safety, Public Safety or internal changes that affect our organisation's capacity to deliver on these actions.

Status Legend: Colour coded indicates the progress of each action
